Support kids and community.

Paid for by Citizens Team for Mukilteo
Schools - PO Box 1182, Mukilteo, WA

Good for kids and our local economy

This February, you have a chance to support children in our community. Voting “yes” on Mukilteo School District’s capital bond and replacement levy measures will help secure our community’s investment in the future AND economy. Improving schools is the single best thing we can do to attract more businesses, good-paying jobs, and families. Studies show that when we invest in updating schools, it benefits our property values.

The Capital Bond includes:

Major Modifications and Additions - \$299.6M

Includes completing replacement of Explorer Middle & Mukilteo Elementary, Phase II of Olivia Park & Serene Lake elementary replacement, & Kamiak Gym expansion

Security Upgrades - \$6M

Expands access controls, integrated door locks to more classrooms, and perimeter enhancements for safer schools

Technology Infrastructure - \$12M

Replaces aging network cabling at 10 schools and backup network infrastructure to ensure systems continue during emergencies

Athletic and Site Improvements - \$23.4M

Improves fields at multiple schools including turf and track replacements, playgrounds, tennis court resurfacing and multi-purpose fields

Critical Facility System Updates - \$59M

Replaces aging elevators and fire alarms and provides critical improvements to HVAC, roofing, flooring, siding, windows, etc. to protect your prior investments

The Replacement Levy includes:

Staffing, services and programs not funded by the state

The state only covers “basic” costs for school districts. Levies help ensure students have access to nurses, counselors, special education services and programs like athletics and the arts that are not fully funded by the state. Without these funds, further cuts would be needed.

The time is right! This levy would replace the voter-approved levy passed in 2022 which expires in 2026 and keep our tax rates more stable.
